Department of **Computer** Engineering

BE PROJECT LOG BOOK A.Y. 2025-26

Project Title:
AI Powered Crop Disease Surveillance

Area of Project: Artificial Intelligence

Project Guide: **Prof. Rajesh Sharma**

Group No: TEST-01

RULES AND REGULATIONS

Sr.	Rule / Instruction
1	All students must enter the correct information in the log book.
2	All entries must be verified by the concerned project guide.
3	Students must report to their guide on project day as per the time table.
4	Planned activity should be completed as per the schedule only.
5	Submit soft and hard copies of Synopsis, Partial Project Report in Term-I and Final Project Report in Term-II in the prescribed format.
6	Submit Project Laboratory Assignments in Term-I and Term-II as per syllabus.
7	Submit and preferably publish at least one technical paper in conferences/workshops in IITs, Central Universities or UoP conferences or equivalent international conferences sponsored by IEEE/ACM in Term-I and Term-II.
8	Participate in at least one project competition organized by any engineering college to become eligible for the final project exam.
9	Attach all published papers and competition certificates at the end of the log book.
10	Bring the log book at the time of meeting with guide, project reviews and examination.
11	Changes, if any, must be countersigned by the concerned project guide.
12	For queries, contact your project guide or project coordinator.
13	Log book must be submitted to the Coordinator at the time of final submission.

UNDERTAKING

We, the students of B.E. **Computer** batch **2025-26** assure that we will follow all rules and regulations of the BE project activity assigned by Savitribai Phule Pune University for academic year **2025-26**. The project entitled **AI Powered Crop Disease Surveillance** will be fully designed and developed by us. Any part of the hardware and software will not be purchased from outside parties for direct use. If found by the examiner, we are responsible for the consequences.

PROJECT ACTIVITY SCHEDULE

Semester I Schedule

Sr. No	Planned Activity	Target Date	Completion Date
1	Topic submission & finalization	2025-07-15	2025-07-15

PROJECT ACTIVITY SCHEDULE

Semester II Schedule

Sr. No	Planned Activity	Target Date	Completion Date
1	Model testing and validation	2026-02-15	2026-02-15

TOPIC FINALIZATION

Topic 1: AI Crop Disease Surveillance (Status: APPROVED)

Description / Problem Definition:
Automated early foliar disease detection using computer vision.

Guide Assessment (0 - 10 each):

Sr.	Evaluation Parameter	Marks (Max 10)
1	Significance of the Project Work	9
2	Innovativeness of Project Work	8
3	Scope of the Project Work	9
4	Feasibility of the Project Work	9
	Total Marks (out of 40):	**35**

Guide Recommendation: Recommended
Guide Signature: *Signed by Prof. Rajesh Sharma on 03/11/2026*

HOD Decision: **Approved**
HOD Signature: *Signed by Dr. Rama Gaikwad on 03/11/2026*

TOPIC FINALIZATION

Topic 2: Alternative Topic (Status: DRAFT)

Description / Problem Definition:

EXTERNAL EXAMINER FEEDBACK

Term-I | Internal: Prof. Rajesh Sharma | External: Dr. External Examiner

Feedback Parameter / Question	Rating
1. The project work satisfies the curriculum requirements	**Excellent**
2. Problem statement is clearly defined and well understood	**Good**
3. Literature survey and background study is thoroughly conducted	**Good**
4. Methodology, architecture, and design are sound and justified	**Good**
5. Implementation and coding standards are appropriate and verified	**Good**
6. Testing, validation, results and performance metrics are sound	**Good**
7. The team members demonstrated individual understanding & contribution	**Good**
8. Presentation quality and response to technical questions were satisfactory	**Good**
9. Quality of project report / partial report complies with standards	**Good**

General Remarks:
Very well presented and documented.

External Examiner: Signed (Dr. External Examiner) **Internal Examiner: Signed (Prof. Rajesh Sharma)**
